SUMMARY

I am a former university professor of theoretical physics (see my research/publication experience), now working as a Python developer in the Data Science domain (see my Portfolio, CV, and Feedback here). I am skilled in Data Science, Statistics, Mathematics, and Physics

EXPERIENCE

Counselor on Data Science, Mathematics, and Physics

Freelancer

2016 - Present

Artificial Intelligence, Statistics, Mathematics, Computer Sciences

Professor

National Technical University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute", Slavutych branch

2014 - 2018 Ukraine

- Lecturs on Data Science, Decision Theory, Theory of Algorithms,

Professor

Donetsk National University, Department of Biophysics

1999 - 2014 Ukraine

Theory of the biological impact of low electromagnetic fields. Molecular structure and dynamics of air/water interface

- Professor certificate

Lead Scientist

Donetsk Institute for Physics and Engineering

1975 - 1999 Ukraine

Quantum theory of electronic properties of semiconductors. Theory of Electron-Photon Emition. Molecular structure and dynamics.

EDUCATION

Dr.Sci. Diploma

National Academy of Sciences of Ukraine

12/1990 - 05/1991 Kiev, Ukraine

- D.Sc. thesis "Effects of the band structure of solids in the inelastic scattering of slow electrons"

Ph.D. Diploma

Donetsk National University

1972 - 1976 Donetsk, Ukraine

- Ph.D. thesis "Quasistationary exitons in the valence semiconductors"

MSc diploma

Southern Federal University

1965 - 1970 Rostov-on-Don, Russia

SKILLS

Python, R, MATLAB, UX/UI, HTML, CSS, JS Data Science, Machine Learning, Time Series Analysis, Trading Algorithm, Predictive Model Fitting, Natural Language Processing, Neural Networks,
